

Shadowboards

High-quality foam trays for efficient processes
and optimal workplace organization.

Individualität – und zwar günstig!

NEOLOG
Produktions- und Betriebsausstattung

- Structure, cleanliness and clarity at the workplace.
- Fast and safe working.
- Less searching for tools.
- Made to measure to meet personal wishes.

Shadowboards – clean, safe, smart, chic

Never lose a tool again – put an end to mess – no more wasted time.

Your work place in perfect order, every move spot-on, every tool in its place – yours, because you decide how Shadowboard is organised.

Tools and workpieces are always at hand. The perfect fit for your needs, for your moves. Ergonomic, structured, bespoke. And the price is ideal, because Shadowboards are almost indestructible and always deliver what professionals need: Low costs, more efficiency at the workplace, the safe availability of all work materials.

Ideal as a tool tray, picking tray, assembly aid, or for packaging. A ground-breaking product from your service oasis – available to you only from NeoLog: A place for the products and services that improve your production and logistics facilities.

JUST LIKE THE SHADOWBOARD, WHICH OFFERS YOU THE FOLLOWING OPTIONS:

- Free, flexible arrangement of all parts.
- Recessed grips, texts, pictograms, logos: no problem.
- Assorted colours and materials.

Standard material PE Foam

PROPERTIES:

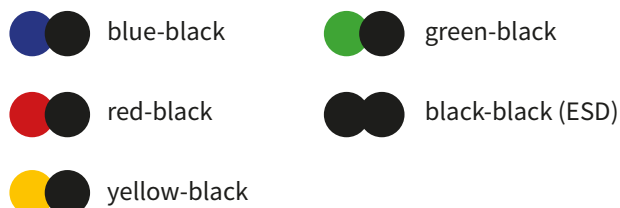

- washable
- dirt and oil resistant

THICKNESSES:

30 or 60 mm.

COLOURS:

You can choose from:

Other colours and thicknesses are available on request. You'd like a sample or data sheet? No problem at all – just call us or send an e-mail: We'll have your samples on their way to you in no time.

MATERIAL, THICKNESS AND COLOURS:

Shadowboards are made exclusively of high-quality materials of the customer's choice. Each foam tray is CNC-milled and accommodates tools of different thickness to perfection. Crafted recessed grips makes them easy to remove.

SHADOWBOARD PLUS:

On request your specific Shadowboard features additional materials:

- Back-mounted magnet holder
- Aluminium / metal trays
- Grips
- Reinforced with rear twin-wall sheeting or chipboard, self-adhesive materials

SHADOWBOARD-DESIGNER:

Design it yourself! The NeoLog software solution makes you the designer of your specific design at anytime: fast, easy, reliable.

A little instruction is all it takes – and you are the designer!

CUSTOMISED CARRY-CASE INSERTS:

Every insert is precisely customized to the inner contours of your carry case. Egg-box foam lid inserts protect your parts during transport.

You also benefit from complete solutions, such as aluminium flight cases with inserts.

TOOL TRAYS FOR DRAWERS:

Be it a tool cabinet, tool trolley or workplace:

Shadowboards are the optimal foam trays for you. Each and every situation is covered, every application satisfied to perfection: Especially for integrating special tools.

No standard, no template, no pattern. You decide, you organise, you benefit.

TRAYS FOR WORKPIECES:

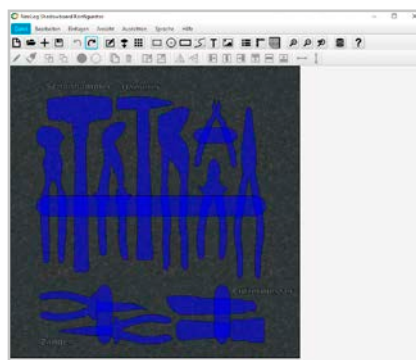

Trays made of soft foam are ideal for organizing and protecting your workpieces.

It's this easy!

THREE STEPS TO YOUR CUSTOM SHADOWBOARD:

1. Lay your tools in the desired arrangement on the scanner. Take a photo with the calibrated camera as supplied. Then send your data to the NeoLog customer centre.

2. The board design is then fine-crafted for you: Recessed grips, shapes and texts are arranged and sent to you as a drawing for approval.

3. Once approved, your board design is produced immediately on state-of-the-art milling equipment and laser stations.
